“ I miss you so damn much little sister. I know how important it was to you and you have to know I tried I promise I did. Aaron just doesn't talk to me, at first I reached out but nothing so I tried talking to Casey a little but not trying to be a pain so I'm friends with Casey which at least let's see pics of Everett. God he's so adorable. But Danny and Buddy i just can't. Danny used to get drunk and message me telling me how him walking out of my life and never putting forth the effort to know me or my beautiful amazing girls. Not even after I flew all the way out there to attempt to create a relationship. Then randomly drunken messages about how him walking away was for me and his staying away was also a selfless act for my own good! I know how much you loved him but he never once deserved your love and devotion. And I HATE him for being both a failure and a coward. And Buddy well he finally achieved his life long goal he is just like his father. He's always the victim and nothing is ever his fault. But I really did try with Aaron. Have not spoken a word to Buddy since I told him to call our dying Mother she just wanted to hear his voice once more but he didn't call her and I will never forgive him for that. Marcus is a friend on Facebook so I get to see pics of Kylie now and then. Deb and I though we talk every few months I think we help each other when we can. I love you Sis, until I see you again 🥺

“ Hi Honey, just a quick note to say we all love you and that Kylee will be here today! Really excited, it's almost like turning back the clock! She has your attitude and I hope it serves her well. I've been talking to Nick and he seems to be staying busy with garden and a different 4 wheeler, I guess life is kind of boring, huh! Danielle , i don't know what I am here for! Yesterday I was just trying to figure out who benefits from me being here and I can't think of anyone. Well I'm gonna go and get busy with my day? I love and miss you so very, very much Dad Honey stay warm

Daniel k. Bulmer - May 20, 2019 at 08:55 AM

“ Hi Honey, just listening to the voices again. I'm pretty sure they're mine, all from different times! Increasingly the thoughts go back to times I should have been that hard ass Dad that is sometimes needed. It was so hard for me, because I have a lot of guilt in the way tou and Aaron were brought up, at least for the first few years when your parents were POS! I am so sorry that I let that influence my thought process later in your upbringing! Danielle, I can barely make it through the day. Tears are always present and jumping to go free, I use tissue after tissue and can hardly hide them from everyone. I need to get it together, but it's just so hard, honey! Well, I'm gonna try to lay down for awhile. We all love you so much! Alright sweetie STAY WARM, love you Dad

Daniel Bulmer - May 03, 2019 at 05:29 AM

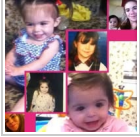

“ Hi honey, called your house couple of days ago and you answered (machine) can't tell you how shocked I was. Have to admit there were lots of tears, but after I thought about it I was happy just to have heard you again. I talked to Nick for awhile and he seems to be doing alright, he has plans with Ronna to take Kylee to see the ocean, she will love it! I miss you so, I listen to music and it seems that every song has a name, verse, or something that puts you front and center in my head. I don't sob much anymore, but the tears still well up in my eyes. Rascal Flatts have a song that says that is ok. "Let it hurt" and it does help kinda shocked me! Well honey, that's all I have for now but this isn't the last. We all love you and miss you! Until next time I LOVE YOU Dad Stay warm and visit

Daniel Bulmer - April 25, 2019 at 08:44 AM

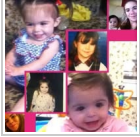

“ Can't sleep and started thinking about you. I was wondering why you would leave when the 2nd act in your story was just starting? With a man who truly loves you (Nick) and the most precious gift that God can give us? Guess it will never be clear and I suppose I should put it, but it's so hard! I think of you every day and the hole in my chest doesn't get any smaller. Thinking of my roll in our family is starting to fade as I sit in this room afraid to leave. Need to stay where you can visit me when you can, when will that be? I hope soon cause I can feel all the strength I had is fading "with a quickness". Well I'll let you be for now, but I'll probably be back! We all love you so much! Love Dad Stay Warm!

Daniel Bulmer - April 23, 2019 at 06:11 AM

“ Good moning honey,just a quick note to tell you we talked to Nick and Kylee last night. Actually Kylee told us she was tired and was going to bed! Nick made her a balance beam to walk on and she wore herself out, but good that they keep her busy. Elvie bought a used 4-wheeler from a neighbor and Nick is going nuts trying to get it dependable, he'll get it! I'm still not sure what I am doing, stay stupid busy on the computer, but it is so damn redundant. I miss you so much, knowing you won't call takes my breath awaythen tears come. Trying to keep it from everyone cause I don't want folks telling me it will be ok! I know that's not true but I've got to figure it out myself. It seems that you were only here for a few minutes and I keep searching for something, anything to explain why!! Well I'm gonna go no, just know how much you were loved and now missed! I love you Dad stay warm!

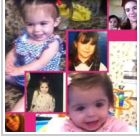

Daniel Bulmer - April 07, 2019 at 01:08 PM

“ Hi sweetie, just thinking of you and wondering why it was you and not me. I have put myself in the position that took you from me too many times, but i'm still here and wondering why! My usefulness to all has been taken and I really don't like living much anymore. If it were up to me i would just go to sleep and join you and everyone who has gone before me. Of course i'm not going to take my own life, it's a sin that may not be forgiven. When I think of you and I get this feeling of being oh so helpless there is a pain and emptiness that is consuming and I don't like it much! I have been seeing shadows and hearing whispers in the night, it doesn't scare me, I just want to talk. If you can, and it isn't you, tell all that a talk is all i want! I love You!! Honey please stay warm!

“ Hi sweety, another night no sleep, but my docs haven't called in some of my meds, i think! You been staying warm? It's crazy to live in your bedroom and be cold all the time. Heard "shoul'da been a cowboy" and thought of you coming around the corner with that full blast coming from the car. Kulle and Nick should be hear next Tuesday after her appointments at Childrens. I hope to be able to hold my shit together while she's hear! I thought you were standing in our room night before last, if it is stay and talk awhile. I Love You Dad Stay warm

Daniel Bulmer - March 23, 2019 at 09:34 AM

“ Hi honey, I can't get you out of my mind, because of the guilt I fell about fukking up the 2nd chace that God gave me to be a father! I never should have tried to be a friend when you needed a Dad, i'm so sorry, when i saw the road you were on i should have been stronger for you! Every day I think about what should have been, but never will be! Kylee won't have that Mom to talk about girl stuff with. My heart hurts when i think of all these things and it gets empty. I'm not sure how much longer i can try to accept all that has happened. Gonna go now, I LOVE YOU please stay warm!

Daniel Bulmer - March 21, 2019 at 08:13 PM

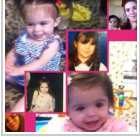

“ Hi honey, hope you are inding your way. We talked to Kylee and Nick on Sunday, pretty sure she runs the show in your old Kentucky home! I think she has an appointment on the 19th and we're hoping she comes up for at least a night. When I look at her, I see you and your attitude! lol Still think of you each day, but I no longer cry each time, hoping thats good, although the tears actually seem to help sometimes. Well just wanted to check in give you a little brief about this side> Danielle we love and miss you so very much, and that won't stop but we will see each other again! love you and stay warm Dad

Daniel Bulmer - March 11, 2019 at 09:41 AM

“ Hi Honey, having trouble sleeping again, thought I would say Good Morning. Havn't talked to you in a while, thought I'd tell you we havn't forgotten, just trying to figure out life. We talked to Nick and Kylee last week and they seem to be alright for now. Nick is hurting more than folks think, but I can hear it in his voice. Kylee is a booger, and seems to be ok health wise for now or at least better now. Hopatient listping she grows out of the need for the treatments and inhaler th e docs have her on. Rona said she is going to bring them up in July for a visit, WE CAN HARDLY WAIT! It's hard to say all that I want to, because i'm not used to you not stopping me in our conversations. lol My doc dropped me from their patient roll because I havn't seen them in a couple months. Kinda got that figured out today so they should be calling at some point today. Really don't want to see them, but have to so I can get scripts. Well i'm going to try to get some sleep now so I love you and hope to see you when the time is right! love Mom and Dad stay warm

“ Hi honey, I talked to Kylee a day or so after the last time I talked to
you! She is a lil smart butt, just like you! When I think of you I get an
empty place in my heart that won't stop hurting. Danielle, I know
that this wasn't what you planned for your life, but the chances you
took seemingly w/out fear were not things I wanted for you. We are
glad that you came when you did, but you had changed, your
obccession with timbo wasn't something we liked! It seemed like you
were here but not with your heart and mind. It bothers me that I saw
that in you with open eyes and didn't talk to you about it. It's like
having 20/20 but still not seeing what's happening. I'm sorry, and I
we miss you so damn much and it's been a lil bit and I still don't
know what the hell happened
. Well, I'm gonna go i woke up thinking about you again so just
thought i would try to talk to you. If you can, please come and see
me again and I think Angiee want's to talk with you as well. Sorry i'll
go but know we love you, stay warm honey. Love you Dad

“ Hi Honey, was thinking of you again this morning and since I haven't heard from you lately thought putting something here may get you to visit! Danielle, damn't what the hell! E still don't understand and maybe never will, but honey if you could please let me know that you're not alone and cold! I've talked to Nick a few times and he seems to be a little overwhelmed with all of this. I am so happy that Kylee has him for a father, couldn't be a better one ever! I know you and I talked about his weight and health problems that could occur, talk to him and let him know how important he is to all of us. Well, i'm gonna stop for now, but remember you are loved and you will not be out of our thoughts. Call me please, I Love You Dad

Danielle, it's been a while since I posted to you (2-12-19) and you leaving will be 2 years on Tuesday. I miss you so and as the date comes closer my mind keeps going through the same old "what ifs" none are helping! I feel as though I've lost all of my children! Lisa won't talk to me, Buddy is doing Buddy and even when he stopped by he didn't bother to come see me! I feel as though the child who loved me most left for good! Enough of that. I wish you were here to see Casy and Aarons new baby BOY. He is keeping them busy and he's growing like crazy! Casey posts pics and the last ones showed him going from a grin to a laugh, so damn cute! Kiley is well and as awnrey as ever and she too is too damn cute! Rona, Nick and all of them post videos of her all the time and they do my heart good. Always make me smile and think about everything. Crying is still a dailey occurence, but I'm used to it. I put my face into the computer and do not talk! OK it's hard to see the page so I will leave you alon for now. I love you DAD
