“ Love and prayers for the family. I have so many it's hard to choice. One of my fondest is hearing her read a loud in class. Roll of Thunder hear my cry, I can still close my eyes and hear her voice. She made the story come to life. Everyday she would read so many pages ,leaving me hanging and not being able to wait for the rest. She made love to read. Her voice made you feel as if you was inside the story . I also ,loved hearing her sing . Teaching us songs in Girl Scouts I still remember. Like I said I couldn't pick just one. She also put many a mile on her vehicles ,taking us to movies ,bowling ,a tour of colleges. When our 8th grade field trip rolled around she made sure her class got to go. Gatlinburg and Dollywood. For some it was probably the first time leaving the state. She also made sure all her students received Christmas presents. I have so many more ,my heart goes out to her family. We only got scheduled times with her ,but they had her love and kindness a lifetime. I can't imagine how they must feel.

“ Mrs. Fraley not only taught me algebra and physics, but how to always be kind and patient with others. I still think of her everytime use one of the countless tid bits of evey day information she taught me. The education she gave me is a huge reason I have made it where I am today and she will always have a very special place in my heart.
