“ *I will miss you so much. I always looked forward to running into you because you always talked to me about my mom. You would tell me stories of the good ole' days when you all spent so much time together. You all were so close. I loved hearing the stories. You would always tell me my mom would be so proud of me. That was music to my ears. I loved you so so dearly for that, I love you still...I can only imagine the glorious time you all are having now....Till I see you again. Rest in Peace my beautiful cousin....* ”

“ Janet and I have shared many moments but the thing she seemed to love the most as far as her and my time together was me doing her gift wrapping every year at Christmas time. It’s probably where I developed my love for pretty packages and why I’m so picky about my gift wrapping today. She’s already missed and my thoughts love and prayers remain with (Ronnie, Pooh, Westley, Dylan and Turtle) her 5 favorite men, her favorite girl (Macy) and her beloved daughter(s)-in-law.
