“ Prayers for all the family. Being a barber in Sandy Hook gave me the privilege of cutting her boys hair from time to time through the years and when they were younger she would come in and we would talk about our old schools days. She was such a big help for Braydon when Covid was going on. She agreed to help Braydon to get through his school packets he had at the time. I would bring Braydon to the shop and I had a little table and a couple of chairs sat up in the back room of the shop and she and Braydon would work on it. She was such a big help in getting him through and passing. We sure do appreciate the Lord for sending her to help back then. Prayers for the family and Gods strength to get them through this time of mourning and loss. God bless!
