“ How do you share a memory when they are too many and beautiful to count? We shared what seemed like a lifetime making these memories that will stay for me forever. I love you Maddison, you were more like my brother than cousin. You will remain in my heart forever. I will miss you so much even though we didn't get to spend the time together I would have liked to. Dave shared my feelings. I pray God gives the family the comfort they need to face the coming months and years.
