“ *My dear friend from my high school and college days. You were such a loving soul to each and everyone you met. And yes I also remember how intelligent you were, too. And even though we didn't see each other very often later in life, when we did you were always the same ole Melissa...just picking up where we left off the last time we met up...smiling, hugging and catching up on each others lives. I will always remember you as one of my besties from a chapter in my life. RIP my sweet and long-time friend.*
