What a joy Norma was. I enjoyed visiting her and was always glad when she came to Henderson to visit us. I have such fond memories of Norma when we were children when she lived at the foot of the hill by papaw Browns house. She had alot of kids all with jet black hair. I will always remember her long thick hair in a ponytail that was always pulled to the front, hanging down one side. Don seemed so long ago. She loved the bluegrass festival as did our mom, Louise. She spoke openly of losing several of her children. She was strong and I loved her giggly laugh. I'm so sorry for her boys and know you have been our thoughts throughout the day. I will never forget Nornie. Today I light a candle in her memory.
