“ *It still doesn't feel real, I Lost my life long bestfriend and my sister. She was the glue that held our family together, the light to all of our rainy days. I talked to her every day, sometimes all day long. I wish heaven had a phone so I could call and hear her sweet calming voice one last time. Rest in peace my angel, may I see you again at the end. I love you so much. Your wings were ready but my heart was not, if my tears could make a stairway to heaven I would walk up them and bring you home.*
