“ I was thinking about some of the things I could share with everyone about Tommy and I thought up three pretty nice memories.

The first one is when we were growing up, we used to cruise matchbox cars up and down each other's arm, legs and backs. I remember we both loved that.

The second one is kinda funny. I would lay in the middle of the living room on my back and put my feet up in the air. Tommy would sit on my feet and I would launch him across the room, flying through the air, and he would land on the couch usually. One time, he hit the wall behind the couch and slid down it like a cartoon character.

The third one was a spectacular sight to see. Tommy was always doing dare-devil things on his bike and one time he was booking it down the hill on Comanche Drive and he ran over a pepsi can in front of me. The can wrapped around the wheel and went up into the fender and stopped him in his tracks. Tommy and his bike flew up in the air and flipped I don't remember how many times. It sure was a sight to see. I don't even think he got hurt.

“ My brother, Tommy, was truly the best person anyone can ask for. He treated everyone the way he wanted to be treated. He was kind, patient, intelligent, honorable, caring, giving, loving, funny, patient, dependable, reliable, sweet, a master mechanic (he knew his stuff and he knew it well). He had a good head on his shoulders and I was very proud of him and the way he was. He produced a wonderful son who has the same qualities as Tommy. He took on any challenge or task and did it well. I am feeling my heart hurt. It was truly a huge loss for our family. He will be greatly missed!
